

SOCIALISTS TROUBLE

Attempt to Break Up a Church Meeting in New York.

POLICE DISPERSE CROWD

As a Result of the Disgraceful Scene the Weekly Open Parliament of the Church for the Last Ten Years Will Be Abandoned by the Church.

New York, May 23.—A debate, which was begun in the Metropolitan temple at Eighteenth street and Eeventh avenue, has wound up in a wrangle in the street where 250 persons, ordered from the church by the pastor, were finally dispersed by the police. Socialists were blamed for the trouble by Pastor Bagnell.

As a result of the scene the weekly open parliaments, which have been a feature of the church for the last 10 years, will be abandoned, the future meetings being so conducted that there will be no opportunity for argument on socialism and religious rancor.

FARMER WANTS TO KNOW.

The Beef Question from a Farmer's Standpoint.

Melville, May 21. Editor The Morning Astorian: I note that an Astorian reporter had an interview with Mr. Christensen about beef cattle. And he says that he always buys the farmers' beef cattle when he can. But the question is what does he pay for them? Does he pay enough so that a farmer can afford to raise them? I think not. I understand that he pays 3 cents on foot. That would be \$30 for a 1000 pound steer. His hide is worth 9 cents a pound in Portland, and it would come

to about \$5. He would dress 600 pounds of beef, which would cost the butcher \$25, a fraction over 4 cents a pound. We can't afford to raise beef for any such price. The Union Meat market combine of Portland is driving beef raising out of the state and when they do that they will have to send to other states for beef and pay more for it, and then the consumers will pay more also. Their method was explained in the Oregonian not long ago when they could not get Oregon beef for a song they sent to Colorado and paid more for them, so as to force the Oregon cattlemen to take just what they were willing to give.

Several farmers have said already that they will raise no more beef cattle. One thing is certain, they will have to start a shop and retail their beef or go out of the business of raising beef. D. J. INGALLS.

H. C. Harrison & Co. announce a decrease in the rate of war risks, the rate having dropped to 1 per cent on cargoes for Chinese ports and to 2 per cent on cargoes for Japanese ports on neutral vessels. The decline is due to apparent inactivity of the contending fleets of Rojstevsky and Togo.

STRIKE IN SCHOOLS

Board of Education Adopts Stringent Measures.

BOYCOTT PUBLIC SCHOOLS

Hereafter All Persons, Old or Young, Who Interfere with the Public School Children on Their Way to School Will Be Arrested by the Board.

Chicago, May 23.—The board of education has determined to resort to stringent strike methods to prevent further strike demonstrations in connection with the public schools. All the pupils attempting to induce other pupils to boycott the public schools are to be arrested. All adults seeking to incite trouble at the schools are to be locked up. All persons, young or adult, attempting to interfere with school children on their way to and from school are to be arrested.

Principals and teachers are expected to co-operate with the school authorities in apprehending all disturbers lurking around the schoolhouses.

It was declared that in several instances teachers in the public schools not only have participated in demonstrations, but have encouraged the children to shout at the non-union teamsters. A school trustee said this charge would be investigated.

Framed Picture Bargains

A large manufacturer over-estimated his sales. As result he had a large amount of pictures left on his hands—and couldn't pay his bills for material of which they were made. He sent out circulars to all the retail-stores offering his stock at less than cost to manufacture. We rushed in a large order, but several hundred other dealers were ahead of us and we got less than sixty pictures, but they are beauties—at about 1/2 usual price. We have put the whole stock in the window—prices on them. When they are gone we cannot get any more. Come early Monday morning.

CHICAGO UNIVERSITY

President Harper Says Institution Is Worth Millions.

AUDITOR MAKES A REPORT

Being in a Prosperous Condition, President Harper Recommends Many Important Changes in the Curriculum in the Interests of Science.

Chicago, May 23.—According to the biennial statement of President Harper of the University of Chicago, the university is now worth between \$18,000,000 and \$19,000,000 dollars. The exact amount of assets as shown the auditor's report on June 30, 1904, is \$18,047,910, an increase over the amount of the same date the previous year of \$963,216. A corresponding increase for the year since the auditor's last report would make the present worthy fund exceed \$19,000,000.

President HARPER presents the report of the committee on the establishment of a school of technology which recommends a curriculum, consisting of mathematics, chemistry, physics, and languages. The president also reports the establishment of museums in the departments of geology, paleontology, anthropology, history, commerce and zoology, as well as the other museums of the botanical and biblical departments.
